

Co. F 4

Huntsville, April 22^d 1861.

Gov. A. B. Moore:

The Huntsville Guards are ready for orders. We will send you the list and organization of the Company when we leave, or earlier if you require it. I prefer holding it back in order to fill up to an hundred of picked men. Please hold a place open for our Commission, so as not to make us lose the seniority we are entitled to.

I don't know what Companies have reported to you from North Alabama, but we have enough for a Regiment beyond doubt I think. I have just written to know, and will write you again as soon as I learn. In the mean time if your information is full on the subject, you can send up the order at once. I think if you will make an officer here for the purpose, with power to bring the Companies together who are ready the Regiment could be formed this week.

Yours truly,

E. H. J. Jones
Capt. &c.
