

A. B. Moore Gov. A. Ala

Dr. Sir

I hereby certify that the
accom. document signed by
Thos M. Peters & others is in
accordance with my opinion &
by my advice. Mr Conally is
under my medical advice at
this time for general bad
health - Add to this, he has
a fistula of the rectum
which he desires and very
properly to have surgical
treatment, and it is very
uncertain whether his gen-
eral health will rally
sufficiently in his confine-
ment for the necessary
surgical operation.
In connection therefore
with other sections

I humbly pray &c

Very Resp.
