Executive Department

Montgomery, Ala Feb 5th 1861.

Col. J.B. Todd

Commander at Fort Morgan

Sir.

I Am informed that the Companies from Mobile ordered to Fort Morgan are permitted to return to Mobile and other Companies ordered to take their places. If this be true, it is done without orders from this department and can not be permitted. It produces dissatisfaction and discontent among the Companies from the interior, and is wrong in itself. I wrote you some days since in regard to this matter, but presume from ^{some} cause you have not received my communication. All the Companies now at Fort Morgan will be relieved by Volunteers for twelve months as soon as practicable. By the Hon. Secy
at B. Moore.
