

Buyckville Coosa Co Ala
August 14th 1864

Governor J. H. Watts

Sir I see it advertised in the papers that all State Officers who do not volunteer ~~that~~ their Certificates of Exemption will be revoked

I have been an acting Justice for the last 23 years as you can see from the records and also from a Certificate I handed to Mr Brittan the Secretary of State last Spring issued by the Judge of Probate of Coosa which establishes the fact and have been constantly engaged as such except the time that I was in the army and am 47 years old. I volunteered at the commencement of the war and after serving

Some time I received an
injury which rendered me
incapable of performing
Military Service and was
discharged permanently from
service and have since
that time been discharged
from service by the Examining
board of Coosa County. I deem
it proper to bring the facts
to the notice of your Excellency
for consideration and respect
fully solicit an answer from
you. The Certificate of my
discharge from service I can
show you if necessary.

Very Respectfully Your
Obedt Servant

W. G. Delony
