Dear Sir

Enclosed you will find an application to remit a fine against Mr W D Davis. Garratt is absent or you get a letter from him on the subject I was not concerned in the suit but I heard the announcement at the Court House door made by Garratt in the presence of Royston that Davis case was to be continued by consent and the matters stated by Davis in relation to that transaction are true. I did not hear the case called in Court and I am satisfied Garratt did not. The just was taken under a mistake I am sure; and Col Royston admits it. Under these circumstances I cannot doubt that your Excellency will immediately remit the penalty.

With great respect  
Yours Truly  
William W Brooker
